

Hadis Soleimanzadeh

Hematologist

DoB: 1998-01-10

Marital Status: Single

With a bachelor's degree in laboratory sciences and a specialization in hematology and blood banking, I'm enthusiastic about partnering with scientific teams for research and studies. Given my spirit of teamwork and quick learning, I am eager to advance science and knowledge in clinical hematology and cell biology. Acquiring new laboratory techniques and skills is a crucial objective in my academic journey.

Education

Bachelor of Laboratory Science

Branch: Clinical Laboratory Technology

Institute/University: Maragheh University of medical science

Maragheh , East Azerbaijan, Iran

2017 - 2021

GPA: 19.06

Master of Hematology and Blood banking

Institute/University: Shiraz universityof medical science

Shiraz, Fars, Iran

2021 - 2024

GPA: 18.69

Work Experience

Labratory expert

Pars hospital

Shiraz, Fars, Iran

September 2022 - February 2025

Tasks and Achievements

- Extensive expertise in hematology, blood banking, and quality control.
- Moderate expertise in biochemistry and microbiology

Teacher

milanguage

İzmir, Turkey

September 2024 - Present

Tasks and Achievements

- Teaching turkish

Language

English : C1

Turkish : C2

Certificates

Teacher assistant in department of medical laboratory sciences

Institute: School of Paramedical Sciences, Shiraz university of medical

Sciences

2022

Rivewer of research articles presented at the 16th International Congress of Clinical Microbiology by Professor Alborzi

Institute: Professor Alborzi Clinical Microbiology Research Center

2023

Participated with a mini-oral in 15th International Congress of Laboratory & Clinic

Institute: International Congress of Laboratory & Clinic

2024

Research

Gene therapy in beta thalassemia: a review article

Publisher: Tehran University Medical Journal

May 2023
